Obtain Solutions or Services from a Federal Provider

The FM Marketplace includes essential core accounting and financial management solutions and services offered by Federal Shared Service Providers (FSSPs). Agencies can engage, and enter into interagency agreements (IAAs), with FSSPs to obtain solutions and services.

Small agency prospective customers can reach out to FSSPs directly for more information by visiting their Provider Profile in the [Federal Shared Service Provider Offerings](#) section of the Catalog. Chief Financial Officer (CFO) Act agencies interested in migration to an FSSP should contact the FM QSMO at fmqsmo@fiscal.treasury.gov for an initial discussion.

Obtain or Enroll in Products or Services from Treasury's Fiscal Service

Available in the FM Marketplace are a range of collections, disbursing and reporting services offered by the Bureau of the Fiscal Service to support agency financial management activities. These services help agencies focus attention and resources on core missions, instead of redundant financial management tasks.

Agencies can obtain or enroll in Fiscal Service products and services, many of which are available at no direct cost to agencies.
