Determination of a Consolidation Entity, a Disclosure Entity, or a Related Party for the Governmentwide Treasury Account Symbol Adjusted Trial Balance System (GTAS)

For fiscal year (FY) 2025, federal entities should continue to report information based on the Statement of Federal Financial Accounting Standards (SFFAS) No. 47, *Reporting Entity* determinations, except federal entities reporting under FASB standards. Treasury and OMB will continue to address determination discrepancies. This information is used to support Appendix A: Reporting Entity of the Financial Report of the United States Government (Financial Report) for FY 2025. Appendix A lists the organizations and federal entities included in the consolidated reporting entity of the U.S. Government for the Financial Report, as well as some federal entities not included in the reporting entity, such as related parties.

A federal entity that has been determined to be consolidated will provide financial information in GTAS unless other means are determined for financial reporting. This data will flow to the face of the government-wide statements presented in the Financial Report. Federal entities that have been determined to be a disclosure or related party will continue to report Treasury Accounting Symbols (TAS), if applicable, but when utilizing the disclosure or related party TAS, transactions must be processed as non-federal (N). This information is reported by the consolidation entities and is not a direct report by the disclosure or related party. **Therefore, if the federal entity has a relationship with a disclosure entity included in the government-wide financial statements or related party, make sure to report the federal or non-federal designation as non-federal. OMB Circular No. A-136 component entities should include information in a discrete Note disclosure to facilitate Fiscal Service analysis.** The reporting entities are listed below in order of Financial Reporting Entity name.

Consolidation Entities

- Consolidation Entity**—is an organization that should be consolidated in the financial statements based on the assessment as a whole of the degree to which the entity “(a) is financed through taxes and other non-exchange revenues (b) is governed by the Congress and/or the President (c) that it imposes or may impose risks and rewards to the federal government and (d) provides goods and services on a non-market basis.” It would also include organizations that are included in the President’s Budget and/or would result in misleading or incomplete financial statements if excluded.
